

WHERE IS YOUR EQUIPMENT SUPPLIER AFTER THE SALE?

In these times it is easy to get caught up in the day-to-day emails and lose sight of the personal aspects of a business-to-business relationship.

At Jet Edge, your business to us is more than a number on a purchase order, it's personal. To that end, I wanted to personally thank you for trusting Jet Edge to support your waterjet cutting needs and introduce you to the team that is committed to your success!

Below you will find your dedicated Jet Edge team members and their contact information. If at any time you have questions or are dealing with equipment issues you need help with, please do not hesitate to contact me or any one of your team members here at Jet Edge.

We appreciate your business and look forward to a continued partnership with your organization!

Best regards,

Meet your team of Jet Edge professionals. We're here to help make sure you get what you were promised when we presented our equipment proposal to you! Our team of experienced and driven individuals want you to hold us to a standard of world-class support.

We think you made the right decision to partner with Jet Edge for your waterjet cutting needs. Our Value Proposition delivers the highest precision equipment on the market, custom configured to your application, with durability that is not matched in the waterjet cutting industry and post installation support that ensures a long lasting partnership. You know you work hard and we are here to make sure your equipment is doing the same.

Thank you for your trust!
